PROFESSIONAL SUMMARY

Front-End & Web Developer with **5+ years of experience** in responsive web development, eCommerce, and mobile applications. Skilled in **HTML, CSS, JavaScript, WordPress, Shopify, WooCommerce, and React Native**, with expertise in UI implementation, testing, troubleshooting, and performance optimization.

Experienced in translating **UI/UX designs and business requirements into functional digital experiences**, managing local, pre-production, and production environments, and working with **GitLab and SourceTree**. Strong background in eCommerce development, website maintenance, integrations, and cross-device compatibility.

PROFESSIONAL EXPERIENCE

WSHOP Ltd

Front End Developer

09/2023 – Present

- Develop and maintain responsive, user-focused **eCommerce websites** using HTML, CSS, JavaScript, and modern front-end development practices.
- Manage website development workflows across **local, pre-production, and production environments**.
- Convert UI/UX designs and business requirements into responsive and functional web interfaces.
- Perform website maintenance, troubleshooting, debugging, testing, and continuous improvements.
- Identify and resolve front-end issues affecting website functionality, usability, responsiveness, and performance.
- Collaborate with development teams through **GitLab and SourceTree** for version control and deployment workflows.
- Conduct cross-browser and cross-device testing to ensure consistent user experiences.
- Support website updates, feature implementation, content changes, and technical improvements.
- Contribute to website performance optimization and ensure reliable functionality across different environments.
- Work with eCommerce functionality, including product interfaces, checkout-related features, payment integrations, and customer-facing workflows.
- Maintain and improve existing websites while ensuring new implementations follow project requirements and development standards.
- Collaborate with internal teams to investigate technical issues and deliver practical front-end solutions.
